

LIBERTY STEM IN ACTION

THE LIBERTY ROBOTICS FOUNDATION IS HOSTING AN AP CAMP!

AP CAMP: Design and Innovation via applied science (Incoming 6th -8 th grade students)

The Liberty Robotics Foundation and Team 1764 Liberty Robotics is thrilled to offer a 4 day summer AP camp.

Using problem solving skills, creativity and Science, Technology, Engineering and Mathematics skills Students will research needs and how to design an app to support that need. This may be an individual or in teams of students. Students will learn to use some basic app development software and investigate the process of taking an app to market. The camp is open to all incoming 6th-8th grade students.

Dates: May 31st- June 3rd, 9am – 3pm at Liberty High School

Cost: \$100.00 per student, payable to Liberty Robotics Foundation

Campers Receive: T shirt and Pizza Lunch final day (Please bring lunch Days 1-3)

Showcase Competition: final day of camp, spectators and parents welcome
